Head Light Covers

GTS Head Light covers will add aerodynamic styling to any car, truck, or SUV. Designed to help protect today's expensive headlights, GTS Head Light covers are easy to install with no drilling or vehicle modifications required. Available in smoke, clear, and carbon fiber finishes. Covers are packaged in complete sets and will enhance the look of any vehicle.

GTS Head Light Covers are designed to complement the Blackout tail light covers. Constructed with GTS Compositelite material these headlight covers are tough and durable. The GTS logo is included along with all installation hardware and instructions.

HEAD LIGHT COVERS

FOG LIGHT COVERS

Protect Your Investment

Save those expensive OE headlights from sand, rock, and debris damage with GTS Headlight covers

- Adds aerodynamic style to any vehicle
- No drilling or modifications required
- Custom Designed for each vehicle
- Smoke, clear, and carbon fiber finishes
- Includes all hardware and instructions

- Adds dramatic styling to any vehicle
- Easy to install, no drilling required
- GTS logo included with each pair
- Custom Designed for a perfect fit

This product is intended for show and off-road use only. Never drive on public streets or highways with headlight or tail light covers on your vehicle.

Head Light Covers

GTS Pro Beam Head Light covers will add unique styling to any car, truck, or SUV. Pro Beam Head Light covers have a raised clear projector beam lens that promotes a revolutionary 3-dimensional style. Created to give a look that is unmatched within the accessory aftermarket, these head light covers will help protect today's expensive headlights, GTS Head Light covers are easy to install with no drilling or vehicle modifications required. Available in carbon fiber, flame, platinum, and tribal

finishes. GTS has over 300 custom applications available to fit most late model vehicles. Pro-Beam Covers are packaged in complete sets. These covers will enhance the look of any vehicle and are designed to complement the GTS Pro Beam tail light covers. Constructed with GTS Composites material these headlight covers are tough and durable. The GTS logo is included along with all installation hardware and instructions.

PRO-BEAM HEAD LIGHT COVERS

- Adds 3-D styling to any vehicle
- No loss of headlight luminescence
- Custom Designed for each vehicle
- No modifications required
- Includes hardware and instructions
- Four finishes available
- Matches Pro Beam tail light covers
